Dear Parents/Carers,

Whilst the country is experiencing these uncertain times and as our school moves towards closure, I wanted to share with you a range of different resources that you can use with your child whilst at home. Not all of these are UK based companies but the resources are very useful and accessible in the UK. Many of these are free to access and some offer a free 30-day trial with no fees or commitment.

It is already evident from looking online that countries are pulling together and working creatively to provide educational resources for families and you may well find alternatives that you wish to share with families and friends.

The resources below cover an extensive range of activities.

We trust that you will find this useful.

Kind regards

Erin Price  
Head of School
