## Home Learning – Topic

Look at the Thinker's Key below. Throughout the week, try to complete one activity on each day. You may choose which activities you like and can record them in any way. This could be writing in your exercise books, typing up on the computer or taking photographs.

Try to include a variety of different tasks and play to the strengths of your children to keep them engaged. Some of the tasks lend themselves to writing, some are more creative and some just require a lot of imagination!

The Pictures for 'picture this' are on the page below! Beware, there are some gruesome looking spiders.
