### Activity: Creatively thinking about words

Watch the video 'Arctic Circle' again. You will find it at:

Create a word bank of descriptive words and phrases. Imagine you are there, watching what is happening. Think about what you can hear, feel, smell, touch and even maybe taste!

Use a dictionary and thesaurus to help you. If you haven't got these at home, you can go to:

<https://www.collinsdictionary.com/dictionary/english-thesaurus>

(Simply click on dictionary or thesaurus then type in the word).

### Extension:

Choose five key words from your word bank and list 5 synonyms and a minimum of one antonym (opposite meaning of the word).
